Echelon residential aluminum

<http://www.ameristarfence.com/residential-ornamental-wrought-iron-aluminum-fence-echelon>

Echelon Styles

Classic Style

Our Classic style is a classic look with a pressed spear adorning the picket top, appearing through the top rail. This ever popular style is perfect for many. Due to the unique construction design, Echelon is one of the strongest residential aluminum fences on the market today when compared to other brands. It is available in 2 or 3 rails with a flush bottom rail option, as well.

Decorative rings and scrolls can be added for a more ornate look. For the safety of your pets, a Puppy Panel configuration is available that features a narrowed airspace on the lower half of the panel.

Majestic Style

Majestic's smooth top rail feature is ideally suited for a variety of applications including swimming pools. Reinforced posts, patented rail design and 3/4 -inch pickets result in one of the strongest aluminum fences in the industry. Majestic is available in 2 or 3 rail configurations with or without a flush bottom rail. In addition, decorative rings and scrolls can be added for a more customized look. For the safety of your pets, a Puppy Panel configuration is available that features a narrowed airspace on the lower half of the panel.

Genesis Style

Genesis style features the traditional look of a squared off picket design through the top rail reminiscent of traditional wrought iron. For a more custom look, a selection of finials, decorative rings and scrolls can be added. Genesis features reinforced posts, specially extruded rail and 3/4 -inch pickets and is available in 2 or 3 rails, with a flush bottom rail option. For the safety of your pets, a Puppy Panel configuration is available that features a narrowed airspace on the lower half of the panel.

Conqueror Style

Ameristar's Majestic and Classic styles combine to create Conqueror. Popular for pool or backyard fencing, Conqueror provides a smooth top rail and a pressed spear look by alternating every other picket, one moving through the middle rail to the top rail with the next below the top rail as a pressed spear. Because of our superior rail, post and picket design in Echelon Plus, Conqueror is one of the strongest ornamental aluminum fences on the market .

Monarch Style

Monarch is designed primarily for pool fencing where the need for both a smooth top and flush bottom rail is required. Available in four and four-and-half foot heights, Monarch is designed to meet the vast majority of local swimming pool codes. Check with your local authority prior to installation for details on local codes for pool fences.

Montage Residential Steel

<http://www.ameristarfence.com/residential-ornamental-wrought-iron-steel-fence-montage>

Montage Styles

Classic Style

This through picket style with a pressed spear adorning the top provides the classic look, by which it gets its name. Classic is one of the most popular styles, timeless in its design. Classic is available in 2 or 3 rails, with either standard bottom or flush bottom rail.

Majestic Style

Majestic style presents a smooth top rail ideally suited for a wide variety of applications. This popular style, simplistic in its design, is perfect for a wide variety of applications, including swimming pools. Majestic is available in 2 or 3 rail selections with or without a flush bottom rail.

Genesis Style

Genesis is a squared top, through picket style which provides a traditional look of wrought iron fences. For a more customized look, Genesis is the perfect choice as decorative finials, rings and butterfly scrolls can be added. Genesis is available with 2 or 3 rails and the choice of standard or flush bottom rail.

Warrior Style

Like our Classic style, Warrior is a through picket style with a pressed spear adorning each picket top. Warrior's picket tops, however, alternate in height providing a unique look across the panel not seen with many ornamental fences. Two or three rail options are available along with adornments such as rings and it even comes with a flush bottom option.
